Re: Annie's Website & Summer Camp Calendar

Date: June 9, 2008

Dear Parents,

Annie's website, www.annieselc.com, has been updated with the 2008 Summer Camp Calendar. There are some features that we would like to let you know about to make your life a little less hectic this summer. First of all, if you happen to lose your calendar, you can log on to our website 24 hours a day, 7 days a week and view what we have in store for your child that day, week, month, etc. Also, we are using Google Calendar which you may already use for your day to day agenda. You can easily add Annie's calendar to sync up with your current one. You can also implement Annie's Google calendar gadget in your Google Desktop, iGoogle page, or you can have events sent to your mobile device through SMS if you have a Google email account. Please visit www.google.com/support/calendar/ for more information on setting up this service to your advantage, and we hope this addition can make your scheduling process more efficient.

Sincerely,

Kristin Lake

Technical Director & Webmaster
